

Search Symposium

# iDiv Junior Research Group 'Evolution and Adaptation'

23 October, Leipzig

We are pleased to announce the Search Symposium for the iDiv Junior Research Group leader position on 'Evolution and Adaptation'. We invite you to join the symposium on 23 October at iDiv (Lecture hall 1.1, BBZ, Deutscher Platz 5, 04103 Leipzig).

**Monday, 23 October**

Venue: Lecture hall 1.1, BBZ, Deutscher Platz 5, 04103 Leipzig

11.45-12.30	'Sandwich lunch & coffee'
12.30-12.45	<b>Welcome to iDiv</b>
12.45-13.30	<b>Jiaqi Tan</b> - <i>Ecological context modulates diversification in an experimental evolution</i>
13.30-14.15	<b>Inês Fragata</b> - <i>Adaptation to new environments: from molecular fitness landscapes to phenotypic evolution</i>
14.15-15.00	<b>Stuart A. Campbell</b> - <i>How mating systems shape adaptive diversity in plants</i>
15.00-15.30	Coffee break
15.30-16.15	<b>Anna Lampei-Bucharova</b>
16.15-17.00	<b>Nicholas J. Kooyers</b> - <i>Replaying life's tape: using recurrent spatial patterns to understand the ecological genetics of adaptation</i>
17.00-17.45	<b>Renske E. Onstein</b> - <i>Evolution of plant functional traits in biodiversity hotspots</i>

*Programme may be subject to modification.*

Please let us know if you would like to participate in the symposium by **9 October 2017**, by sending an email to [rebecca.thier-lange@idiv.de](mailto:rebecca.thier-lange@idiv.de)
