

**30 March - 2 April 2020 | Münster University**

# 2<sup>nd</sup> Münster Evolution Meeting

**Present and discuss evolutionary questions across all fields (botany, zoology, microbiology, medicine, philosophy, ...) and levels (from molecules to societies)!**

The Münster Evolution Meeting (MEM) provides a forum for all evolutionary biologists working across different fields in Austria, Germany, and Switzerland. Besides the opportunity to share and learn about excellent research in evolutionary biology it also aims at bringing together evolutionary biologists in a smaller setting and at an affordable price (approx. 150 participants, 80 Euros), to allow for intensive networking and discussions. MEMs will in the foreseeable future be held in the off years of the ESEB meetings.

See you there,  
Katja Nowick and Jürgen Gadau

## Confirmed speakers

Prof Dr Nicholas Barton  
Dr Benjamin Bomfleur  
Prof Dr Juliette de Meaux  
Prof Dr Susanne Dobler  
Prof Dr Wolfgang Enard  
Prof Dr Heike Feldhaar  
Dr David Garfield  
Dr Michael Grünstäudl  
Prof Dr Joachim T. Haug

Dr Adamandia Kapopoulou  
Prof Dr Hans Kerp  
Prof Dr Barbara König  
Prof Dr Fyodor Kondrashov  
Dr Martin Kuhlilm  
Dr Camila Mazzoni  
Prof Dr Axel Meyer  
Prof Dr Bernhard Misof  
Prof Dr Kai Müller  
Prof Dr Paul B Rainey  
Dr Marlis Reich  
Prof Dr Walter Salzburger  
Prof Dr Christian Schlötterer  
Prof Dr Anja Widdig

**Public evening lecture by**  
Prof Dr Mark Stoneking

## Organizers

Prof Dr Jürgen Gadau (Münster University)  
Prof Dr Katja Nowick (Freie Universität Berlin)

**Registration**  
opens fall 2019
